

# Citing Sites Right!

Use **EasyBib** ([www.easybib.com](http://www.easybib.com)) or **BibMe** ([www.bibme.org](http://www.bibme.org))...links are also on the **Library Webpage** under **“Citation Info & Plagiarism”**.

- HOME
- CARD CATALOG
- COOL READS!
- RESEARCH RESOURCES
- PRIMARY, SECONDARY, AND TERTIARY SOURCES (NATIONAL HISTORY DAY RESOURCES)
- SURVEY FOR TEACHERS
- CITATION INFO & PLAGIARISM**
- COURSE LINKS
- ROUNDTABLE

Realize that **“Cite It”** is not your final step!!

The screenshot shows the EasyBib website interface. At the top, there is a navigation menu with 'My Projects', 'Research', 'Products', 'Citation Guide & Educator Blog', and 'Support'. Below this, there are links for 'View your bibliography', 'Save for later', and 'Delete entirely'. The main heading is 'The Free Automatic Bibliography and Citation Generator' with the subtext 'Save time by creating a Works Cited page instantly in MLA, APA, or Chicago.' There are three tabs: 'MLA', 'APA', and 'Chicago/Turabian'. Below these are six tabs for source types: 'Website', 'Book', 'Newspaper', 'Journal', 'Database', and 'All 59 option'. The 'Website' tab is selected, and a text input field contains the URL 'http://www.bls.gov/oo/education-training-and-library/high-school-teachers.htm'. To the right of the input field is a red 'Cite It' button, which is circled in black.

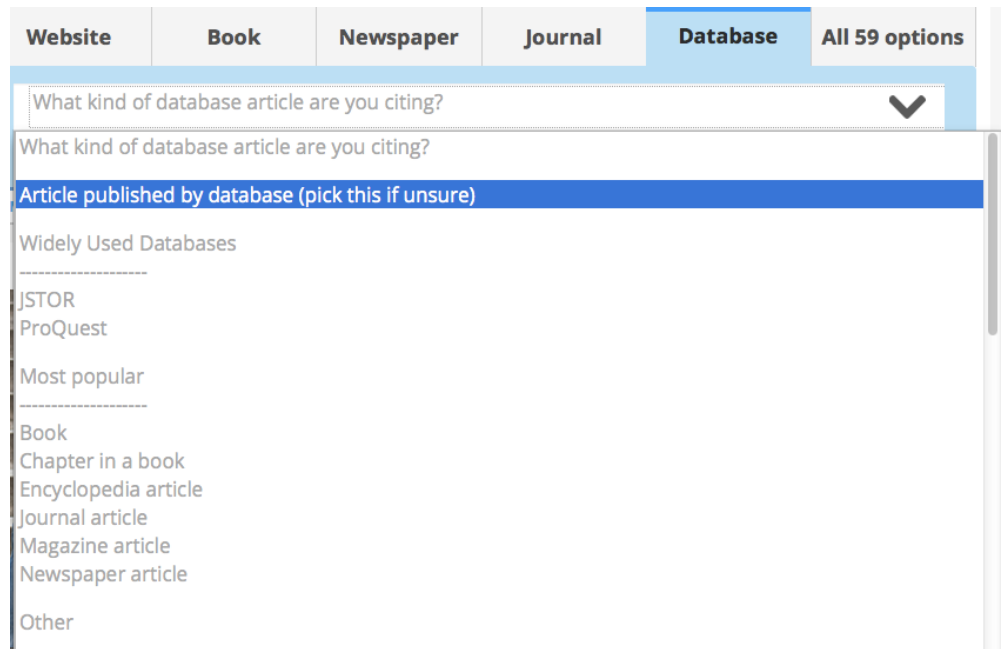

Make sure that you choose the correct type of resource before cutting and pasting website URL, book title, etc! (Check out tab titled **All 59 options**.)

This screenshot shows the 'All 59 options' dropdown menu from the EasyBib website. The menu is titled '\*Automatically search and cite any of the 22 designated sources!'. It is organized into four columns: 'Most popular', 'All Sources', 'Executive Order', and 'Music / Audio\*'. The 'All Sources' column lists various document types such as 'Advertisement', 'Bible\*', 'Blog / Podcast', 'Book\*', 'Brochure', 'Cartoon / Comic', 'Chapter / Anthology\*', 'Collection Article', 'Conference Proceedings\*', and 'Congressional Publication\*'. The 'Executive Order' column lists 'Federal Bill\*', 'Federal Report', 'Federal Rule', 'Federal Statute', 'Federal Testimony', 'Film / Online Video\*', and 'Government Publication\*'. The 'Music / Audio\*' column lists 'Newsgroup', 'Newsletter', 'Newspaper Article\*', 'Online Database', 'Painting / Artwork', 'Pamphlet', 'Patent', 'Photograph', 'Preface / Foreword\*', and 'Press Release'. The 'All 59 options' tab is circled in black.

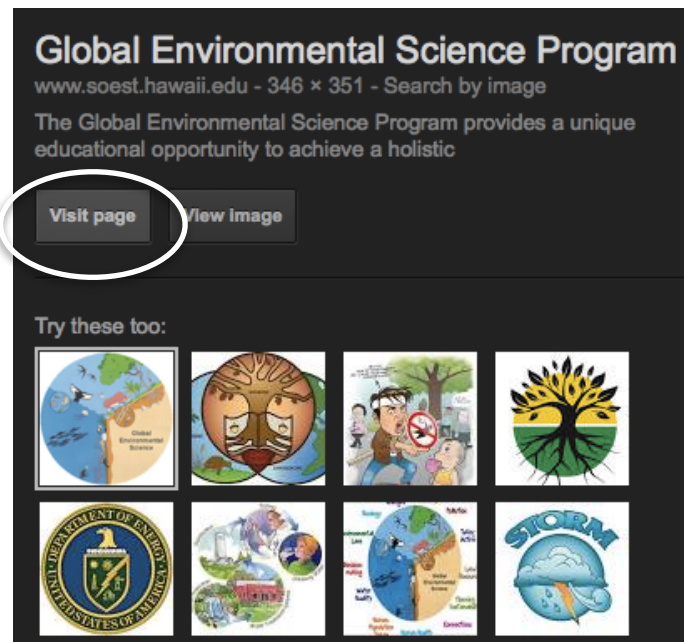

Do not touch **“Create Citation”** until you have attempted to complete the citation and fill in the blanks. Go back to your source and attempt to find the rest of the information! Check both the top and bottom of the webpage for information such as author and date.

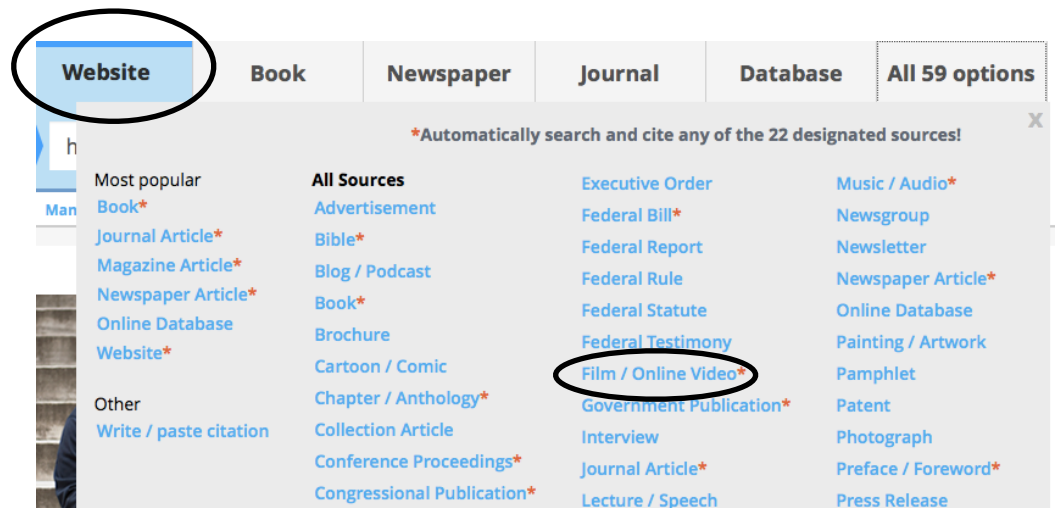

If using a database, you cannot simply copy and paste the URL...you must manually enter the information, so check to see if the database already gives you the citation information! Many of them do, such as the *Gale Virtual Reference Library*! However, many of the databases in MARVEL as well as the *Careers Internet Database* DO NOT give you a completed citation, so you will have to manually enter the information!

To create a citation for a **digital image**, complete the “**Digital Image**” form in Easy Bib. Choose from “All 59 Options”. Do not cite “Google Images”! You must visit the actual page where the image is located!

To cite a **Youtube video** or a video from any other website, you can use the **Film/Online Video** link under **All 59 Options** OR you can simply use the format for a **website**. Your citation will be the same with either option!

# Example of a Correctly Formatted Works Cited Page
