

Works Cited The Bare Necessities!

(in order to get your Works Cited page checked by Mrs. Purdy!)

Please make sure that your Works Cited page includes the following BEFORE you bring it to Mrs. Purdy for her signature and please have your Roundtable teacher sign the bottom of this sheet!
Please bring this completed sheet with you to have Mrs. Purdy check your Works Cited page!

Your Works Cited page should contain the following...please check when complete:

- ☐ Entire works cited page is double spaced.
- ☐ Entire works cited page is in alphabetical order by the first word of each citation. Symbols (such as @) go first, then numbers second, then letters!
- ☐ The title **Works Cited** is centered at the top of the page.
- ☐ For each citation, every line after the first line is indented.
- ☐ It is clear which of your citations are images. Be sure to put the word **image** or **picture** in your title/description of each image. *(Remember, images must be cited. It is not enough to simply have the image URL under the image within your presentation!)*
- ☐ Digital images are cited alphabetically along with all other citations. They are not cited separately.
- ☐ Works Cited page has actual citations...not just URLs!
